“Overcoming Problems with People God’s Way”

I Samuel 26:7-13

Revelation 12:11 reads, “*They triumphed over him by the blood of the Lamb and by the word of their testimony...*” (NIV) This verse records two vital elements for believers to be victorious over Satanic tactics. Experiencing victory over trouble is one major benefit of having Christ as Savior and Lord. There is no difficulty a Christian can go through that Jesus can’t help them endure and escape. This lesson is designed to share practical and spiritual approaches one can take to overcome problems with people.
